

# Mountain Premier Invitational Kiko Sale

## Consignment Form

Nominations and subsequent Consignments are by invitation only. This form needs to be submitted by the Consignment-Form submission deadline of February 21st (after the "Nomination Form" has been mailed by January 21st). This form needs to accompany the fees due for each consigned lot.

Each invited consignor may consign up to five does. Each consignor may nominate one lot of Semen Straws and one lot of Embryos. If a consignor would like to add to their initial nominated number of lots to reach the maximum allowed consigned lots at this stage, please clearly note on this form that you are consigning and paying fees for a different number of lots than you nominated. The consignment fee will be non-refundable but substitutions for does will be accepted up to the substitution date; provided the substitute meets the sale's rules and standards.

The bucks have been selected from the nominated buck pool by the sale organizers and the consignors who nominated bucks have been informed of the decisions regarding the nominated bucks no later than 14 days after the nomination date of Jan 21st. As this is a competitive selection process, no substitutes for bucks will be accepted later.
